PROSPECT 5450

Oct 30, 1962

Dear Dr Banda,

Herewith the re-edited version of your speech, including the omitted points. I think you will find this as you wish it. I have done it with pleasure, even with enthusiasm; but cannot get it retyped as I am on the point of leaving for Tanganyika, where I shall be until the end of December. If you wish to see me, which would be a pleasure, and are returning to Nyasaland by way of Dar es-Salaam before Nov 30, please let Julius know, and they will find me for you.

I am sending this to Audrey, who will give it to you. With my good wishes and warm greetings:

Yours sincerely

Basil Dandon
