The Rev. H. M. Phipi, Kayesa Village, P. O. Kasungu, Nyasaland.

My dear Uncle,

I was very happy, indeed, to receive your letter. It is pleasing to know that you are still alive and working hard for your people.

Yes, I remember Mr. Mc Arthur very well and all his prayesr. As you say, his prayers have been answered. God has been kind to both myself and you. I completed my studies in America and in Edinburgh successfully. Now I am a practising physician (doctorr), here in London, the very centre of the British Empire. Neither you nor I could have thought this possible, when we were in Mr. McArthur's delapidated house in Charles Town, in Natal, over twenty years ago. But God works mysteriously, Uncle.

I am very glad that you have been successful in ministerial work. I knew you would be. That is why I sent for you when I was in Johanesburg to come south to join the Church. I knew you were the best man for the job. And my faith in you has not been in vain. You have brought the A. M. E. Church to Central Africa and you have spread it like wild fire.

I am very glad to hear that you are a member of the Nyasaland African Congress. As you know, Uncle, Mosses was not just a religious leader of his people. He was also a political leader. The same is true of Martin Luther, John Knox and John Calvin. They were all leaders of their peoplein religious as well as political and social affairs. I want you to be same, Uncle. You must help our popel develop politically, educationally and economically. I am already a member of the Congress myself and have sent money to the Congress more than once.

1946.

As regards the Protectorate Council, I am sorry to hear you are not a member. Why did not Chief Mwase take either you or Mr. Matako? Did the Government appoint N. A. Kaluluma? They should have one N. A. and one educated African, other than N. A. This would be much more democratic. And the Congress should fight for this. There should be more educated Africans than Native Authorities in the Protectorate Council, as well as in the Provincial Councils. The law must be changed.

I am very sorry to hear Mr. Matako is very ill. Please, tell him I am very sorry to hear he is ill. I hope he shall soon recover.

Please, let me hear from you again, as soon as possible. I am writing this letter in a hurry, as I am very busy with my work.

With best wishes. My kind regards to Chief Mwase. I sent £5.0.0 to Chief Mwase for the Chew Improvement Society, about last week. I shall do everything I can to help the Society, as well as the Congress.

Yours sincerely,

Atisting 14. g
