Pres. Mrs. Gross

Will you need a teacher of German for the coming year? I have been teaching German and Mathematics in Ridgeville College for several years. I learned to speak the German when young. This winter I have been making special preparation for teaching the German, by receiving instruction from Prof. Heidner, author of Heidner's German Grammars. Should I be engaged in teaching German exclusively, I should like to have a three years course, paying especial attention to the practical part of German.

German Grammar, Translation
&c. should receive due attention
in the Col. course; yet the practical
German, I think, is too much
neglected, by many German
teachers. Should you need a
teacher, and desire testimonials
concerning my teaching in the
past, please let me know.
If your catalogue for 1882-83 is
printed please let me have a
copy.

Yours respectfully,
Elias Boltz,
M.S., A.B.
