OFFICE OF

Superintendent of Public Schools

FRANKFORT, INDIANA.

Frankfort, Ind., April 17 1882

Dr. Moss.

My Dear Sir,

I hope I may not be intruding by my frequent writing. Since my last to you, it has occurred that we are likely to lose our H.S. Principal at the close of this year. Have you any good, strong, man of experience in such work, who wishes such a place? We want none but a substantial teacher, and if you can recommend such one to us, I shall be under great obligations to you.

Hoping to hear from you at your earliest convenience,

I am most respectfully,
R. G. Boone.
