Indianapolis Inda April 22nd/82
Mr Lamar Moss, D.D.

Believing you will
P. Sir, While the events of
the day are still fresh in
our memories and the sorrow
of the past few days are
still lingering around us
we shall try to discharge
the duty we owe and fulfill
the the promise we made to
our friend and brother.

Horner Carty who departed
this life April the 24th
at eight o'clock P.M.

He requested me to assist
his Sister Laura to write
you of his death.

He was taken with Typhoid
feaver and lingered so long

that Consumption leveled
his form to dust and
filled our house with sorrow
and gloom. Yet in all this
we have a consolation
that he died happy and
sublimely prepared to
meet his Judge.

His last hour was calm
and sweet and his last words
were he was going to meet
his Brother and Sister who
have gone before and watch
and wait the coming of those
he left behind.

We ask a place for him
in Your Memory and a
share of Your sympathy
for his Father, Mother, Brothers,
and Sisters.

Sorrowfully
Laura Curtis
