Samuel Mops. D.D.

Bloomington, Ind.

My Dear Sir,- Ernest Marsh, one of our Graduates (Class of 83), desires to enter the Freshman Class of the State University- He wants to take the Classical course. But would like to substitute German instead of the Greek, for one or two years- He has studied the German for two years.

As ours is one of the commissioned High Schools, my statement to the effect that he has completed satisfactorily the full course in our High School, will admit him to the Freshman Class, will it not?

I can say further that he is a quiet orderly young man- a good student- always ambitious to lead his class. Hoping to hear soon I remain
Very Respectfully Yours J. C. Eagle

Kind regards to your family
