My Dear Dr. Moss, -

Permit me to thank you for your kind letter of 28th ult.

As regards the Los Angeles matter, I shall not greatly care if I do not get it, as I am almost as anxious to return to Bloomington.

The date, Tuesday evening, Aug. 19, suits us, and we shall expect you then.

Please let me know your subject when you shall have decided. You know, of course, that a great part of your audience will be made up of young teachers, and you will make your selection with reference to them.

Very respectfully,
B. W. Evermann.
