Dear Sir,—

Thinking some of entering college in a year or two, I take the liberty of asking a few questions. Is there any way that a good honest boy could work for his board, in the mornings and evenings?

Is there any provision by which a person could borrow or rent books at the University?

Have any boarding clubs been formed; and if so how much will board in that way cost?

What are charges for washing?

During vacations, is there any way a person could earn any money

at the University?

I entered the Decatur High School in Sept, 1879, at the age of fourteen, and graduated in the "Class of '82," at the age of seventeen.

I am contemplating going to school at Decatur again for the purpose of reviewing the old course, and taking up some new studies. After which I want to enter some good University.

Yours respectfully
M. G. Garard.
