Spencer, Indiana,
March 3^d, 1883.

Dear Dr. Moss,

Have you time to be troubled
by me?

This afternoon I received a letter from
the Principal of Southern Illinois Normal
University, asking if I wish a place
in that institution.

He wrote, "A few names with strong
statements" - So I come to you, and such
others of my teachers as may be in the
University, for aid.

Do not think I will be offended, if
you should prefer not to make one of
the "strong statements."

Very truly,

Samuel E. Canwood
