Yours of 28. rec'd. Sorry it did not come sooner I was compelled to go to press with program last week. It appears to be full, but will not be when the time arrives. The President elect, Mr. Hill, of Aurora has been enjoying first class water privileges during the flood and therefore will not be present to deliver his address. If it will suit Prof. Jordan we will be glad to have him occupy that hour on the program. He may make his own selection of subject. We have no fund upon which to draw for expenses of Speakers, but the University certainly ought to bear the expenses of Prof.

Jordan in that case as it will be an
advertisement for the University worth more
than its cost.

Prospects for a large attendance are very
favorable at present.

I will write to Prof. Jordan.

Very truly,

D. E. Hunter,

Chmn. Ex. Com.

Please show this to Prof. J.
