Bloomington Ind:

Dear Sir:

I should be very much gratified to have you deliver a lecture before the teachers of my county upon one evening of the week in which I hold my County Institute—Aug. 25—29—and address you this for the purpose if possible of gaining your consent. I am unable to offer you compensation other than travelling and other expenses, hence I must rely upon your love for the cause. I know that I am asking a great favor but if granted it will be greatly appreciated.

Please let me hear from you soon.

Respectfully

Chas. R. McBride.
