Sir:- We are making
a specialty of the manufacture of Black
Boards from Natural Stone Slate -
We believe it to be the best material
for the purpose that can be used -

It is perfect in color & surface and
does not wear out - It is but little if
any more expensive than the cheapest
composition - With these points in view
we take the liberty of inviting your
attention to it - If any of your Boards
need renewing or you need any new ones
write us for prices before giving order -

Respectfully,
L. B. McClees & Co.
