John P. Mather, Supt.

Warsaw, Ind., April 18 1883

Res. Lemuel Moes.

My Dear Sir:

We will have this year a graduating class of nine. And they have asked me to request an address from you at our Commencement exercises - May 20th. Please let me know at your earliest convenience whether you can come.

And if so upon what terms. I would like very much to again hear the 'Annual Address' delivered by you at Indianapolis, at our last Association.

I think our people need to be educated upon that subject, at present, more than upon any other in the line of Education.

Please favor me with answer as soon as practicable, and oblige.

Yours with respect.

John P. Mather
