Dear Sir. I would like to call your attention to the articles I am publishing in the Sentinel on the Schools and Colleges of the State with a view to making a book to be entitled, "The towns, cities and Institutions of Indiana". I will visit the State University, give you the whole of the fifth page, a cut of the building &c. if you will take 2,000 copies of the paper, if you want less space I can do it for less copies. The State Normal School at Terre Haute will come out next. You will remember me as the (Baptist Minister) who reported the National Anniversaries for the Sentinel in May last. Please let me hear from you if this proposition meets with favor. Yours Truly
