Its circulation in Indianapolis is larger than any other daily paper, besides THE SENTINEL is distributed by carriers in over two hundred tributary cities and towns within a radius of 100 miles of the capital.

Indianapolis, March 1st 1882

Dr. Moss. Your letter is at hand.

I can visit you right away. The article could be published the next-morning after my return from Bloomington. My purpose in visiting you would be to make the "write up" please you if it should take all summer. You can revise and suggest as much as you desire. The 1000 papers would cost the wholesale price \$60. For my work I am willing to take \$20. if you will provide for my private entertainment, Hotel bills eat me up. These are the best-terms I can secure. I am yours truly

J. Leslie Weaver

Please answer immediately. The write up of the State Normal will appear March 2^d. Please take notice of it.
