Prof. Mayo

respected sir

I want to finish a course of Post Graduate studies and take the degree of M. A.. But write to know if I can complete the course in private as my duties here preclude the idea of attending college.

I graduated with the class of '89 at Miami University but the University suspended sometime in '70 - '75.

Since graduation I have studied Medicine and Theology.

Be pleased to write me at your earliest convenience and oblige

Yours most respt.

W. F. Wilkins
