

Jordan 1888

BLOOMINGTON, IND. Dec. 3. 1888.

To the Honorable Board of Trustees  
of the Indiana University;  
Gentlemen:

Permit me to make  
the following special report on  
a matter of importance.

The general relations of the  
members of the Faculty with  
each other. have been thus far  
during the present year  
reasonably harmonious.

It is however evident that  
Dr. von Jagemann is still  
thoroughly dissatisfied with  
the general management of  
the affairs of the University,  
and that he makes use of  
every opportunity to excite  
similar feelings in others.

I am convinced that the  
welfare of the University  
requires that either at the

present meeting or at some  
special meeting to be held  
in the winter. the causes  
of this condition of affairs  
should be thoroughly  
investigated and that such  
action be taken as may  
seem to your Honorable  
Board best for the interests  
of the University.

I am -

Very respectfully yours  
David S. Jordan.
