Dear Madam:

I gratefully appreciate the honor done me by the Alumni of the State University in the invitation to address them at the time of their meeting next June. That date falls in the middle of the vacation of the short session of Congress - the only chance in two years of a vacation trip, & we have planned one for that period which will make it impossible, greatly to my regret, to meet & greet the alumni at that time.

With renewal of my thanks, I am

Very respectfully,
