Pres. Coulter:-

Dear Sir -

It just occurred
to me that - I should let you
know something as to my
~~whereabouts~~ whereabouts - in case you might
wish to confer with me ~~reg~~ regarding
the Geol. Department -

I will be in Washington
during the present week; and
expect to reach Bloomington
sometime during the following
week -

There is another point
about which I would like to;

inquire. A friend of mine
asked me concerning the Prof.
of Chemistry at Indiana State
University - if he was about to
Retire from University work. I
told him I would inquire,
My friend Mr. E. Preswick who
has been Instructor in Chemistry
at Cornell for some time, would
be a very likely man I should
think for that position, should
it be vacated - In case there
should be anything in it I
would Refer you to Dr. Caldwell
Ithaca (Cornell University) for
a Recommendation of Mr. P.

Yours very truly,
K. F. Masters,
