Mrs Ind. Univ.

Dear Sir,

Yours of 30th ult
relating to laboratory facilities for Prof Bryan
just received. I have always had a high appre-
ciation of Prof Bryan's work, and should con-
sider his departure from Ind. Univ. a serious
loss to us. For am I am in favor of ex-
pending the \$1500. for laboratory for his dept.
as you suggest. as to whether this expenditure
should be extended over 2 years, is a matter of
detail that can be settled when the Board
meets.

It gives me very great pleasure to hear of the
unexpected increase in attendance at the University,
especially when I know that it results from an
able Corps of teachers and the good work
that is being done by them

Respectfully Yours
J. W. Yocche
