

Facsimile of Letter of Recommendation Issued  
to Davies Batterton in 1848 by Dr. Andrew Wylie,  
President of Indiana University.

Indiana University Aug 21. 1848.

Having been intimately acquainted  
with Mr Davies Batterton during his course  
of studies in this Institution, I can with great  
confidence say that his conduct has been  
uniformly correct & exemplary. His attainments  
in Science and Literature are unusual in  
scholars of his age. And to all with whom my  
opinions may have any weight, I hesitate not  
to recommend him as a young gentleman  
every way worthy of esteem & confidence.
