

The Hon James H. Graven's Chairman of the
Legislative Committee to Examine into the affairs
of Indiana University now in Session

Your memorialist, Citizens of Bloomington
and its vicinity respectfully ask to submit,
through you, to the Committee, the following me-
morial (to wit). Believing it to be a duty we owe
to our selves, our posterity, and Citizens of the
State of Indiana in general; we make the following
declarations

1st We are fully convinced from the past, that some
Citizens of Bloomington and its vicinity, have inju-
red the prosperity of this institution; by an im-
proper interference, with ^{the} action of the students;
of the Faculty; and of the Board of Trustees.

2nd We hereby disavow on our part, any improper
interference with ^{the} action of the lawfully constituted
authority of the University, and do proclaim that
we discountenance, and deprecate any such con-
duct, whether it be found amongst our selves
or any other Community.

3rd That we ~~have~~ full Confidence in the Capac-
ity of the faculty, and of the Board of Trustees, and
if left to manage it themselves; ere long it will
rank, as it should do. With the best literary
institutions of our Country.

4th That we believe any attempt to remove the
institution, from its present location, would
be an act of injustice to us, who have paid ex-
cessively high prices for the University lands,
or what ever real estate we may possess, with the
confident belief that its location was permanently
fixed — We therefore ask your consideration of this
our memorial, and also that it be made a part of
your report to the next general assembly of the
State of Indiana
