

Warrington Jan 3^d 1823

Dear Sir

Your letter enclosing the 75 dollars spoken of in your last, was handed to me, in due time, by Alex^r Wilson student: & if I am not much deceived, I did, shortly after, acknowledge the receipt of the letter by a communication sent you by private conveyance.

This has been all along my impression but I am not quite certain. If I did not, all I can say, by way of apology, is, that I intended to do it, & thought I had done it.

This apology, tho' not sufficient of itself, I hope you will consider so; when taken in connexion with the cares of a family & those incident to my other pursuits. I lifted your note to Mr Wherry, & the remainder (\$15) I took the liberty to set to your credit in acc^t with myself, as I was then urged by pressing demands, which, otherwise, I could not meet. In your penultimate

Letter you request the state of accounts with myself. It is as follows

Wm. C. Guffy Dr		Contra	Cr
Decr 1820 To cash —	2.00	1822 By money trans-	
Apr. 1821 To pamphlets	2.50	mitted	9.81 1/4
July To cash —	10.00	over By ditto —	15.00
Apr To cash 820 charged	15.00 *		<u>24, 81 1/4</u>
	<u>29 50</u>		

* Of this 20, five were given by myself, & first charged to you, the remaining 15 were borrowed to be repaid by me, & therefore charged — 4 doz. grammars. I sent you these if can sell; well, if not, bring with you to the author.

Changes & of course news here have been so plenty that were I to give you a detail I would not know where to begin. This is a summary. Mr Brown, at present, is at Cannonsburg as Principal of Jefferson College, ~~where~~ (having been elected to that office last fall) & here as Pastor of the congregation. But the congregation will throw him off & take Mr Jennings, next spring. Our number of students at present is 67. at Cannonsburg they say there is upwards of 90. A variety of untoward circumstances have produced this effect. I mean this superiority of numbers in their favour. The most efficient of which I take to be — lies

It is impossible to discern what wild come to pass. The present is not a state of perfect order. Knavery is often successful. Our business is to do right & trust God for the consequences. If he sends disappointment ~~instead~~ ^{instead} of success it is a consolation to know that our intentions have been good. — A great point will be gained to the interests of this college by the removal of Mr Brown, but to what issue thing may be conducted, it is impossible to conjecture.

I remain with respect

Yours &c

A. M. L.

P.S. A receipt from Mr Wherry is unnecessary as your note has been transferred to — Vulcan.
