Dean Hoge

PETITION TO BE ALLOWED TO
GRADUATE IN ABSENCE.

Cecil Parlow Whithead,
Petitioner.

TO THE FACULTY OF INDIANA UNIVERSITY.

I, the undersigned respectfully petition this Faculty of Indiana University to allow the said undersigned petitioner to complete his college course in the Law School of Indiana University in absence.

I have been a student of the Indiana University Law School for the past seven collegiate terms and have completed forty-four (44) hours of credit which were made during the years 1908, 1909 and 1910 and the past term.

I entered this law school with a firm intention to graduate and said intention was to be accomplished. Having completed seven terms in the Law School of Indiana University, I am now appointed assistant clerk of the Circuit Court of Madison County, and in order to take said appointment, I am constrained to quit school and enter upon the duties of said appointment January 2nd, 1911. So I beseech this Faculty to allow me to finish my law course during the next two terms in absence so that I can graduate this June.

This appointment is much coveted and the position affords a great legal training which would take years to acquire elsewhere. The term lasts four years therefore I do not feel like putting a such a favorable position aside, besides my Professors in the Law Department and I am not top. The appointment means very much to me in my legal training and future success as a lawyer. So I ask of this Honorable Faculty to allow the undersigned petitioner to accept this appointment which cannot be postponed and at the same time allow him to pursue his legal training in the Law School of Indiana University the next two terms and Graduate in absence.

I hope that in so considering this petition this Faculty will confer with Dean Hoge, Prof. La Follette or some other Professor of Law as to the great value of the training in a Clerkship of a Circuit Court, so that you will thereby be better enabled to see fit to allow the undersigned to graduate with the class of 1911 in absence.

Very Respectfully,
Cecil Parlow Whithead

TO THE FACULTY OF INDIANA UNIVERSITY.

I, the undersigned respectfully petition this faculty of Indiana University to allow the said undersigned petitioner to complete his college course in the Law School of Indiana University in absence.

I have been a student of the Indiana University Law School for the past seven collegiate terms and have to-date eighty four(84) hours of credit which were made during the years of 1908 & 1909 and 1909 & 1910 and the past term.

I entered this law school with a firm intention to graduate and said graduation was to be the accomplishment of my highest ambition during my legal training.

Having completed seven terms in the Law School of Indiana University, I am now appointed Deputy Clerk in the Circuit Court of Madison County, And in order to take such appointment, I am constrained to quit school and enter upon the duties of said appointee January 2nd. 1911. So I beseech this Faculty to allow me to finish my Law Course during the next Two Terms in Absence so that I can graduate this June.

This appointment is much coveted and the position affords a great legal training which would take years to acquire elsewhere. The term, lasts four years therefore I do not feel like putting a such a favorable position aside, besides my Professors in the Law Department advise me not to ^{do} ^{so}. The appointment means very much to me in my legal training and future success as a Lawyer. So I ask of this Honorable Faculty to allow the undersigned petitioner to accept this appointment which cannot be postponed and at the same time allow him to pursue his legal training in the Law School of Indiana University the Next Two Terms and Graduate in Absence.

I hope that in considering this petition this Faculty will confer with Dean Hogate, Prof. La Follette or some other Professor of Law as to the great value of the training in a Clerkship of a Circuit Court, so that You will thereby be better enabled to see fit to allow the undersigned to graduate with the Class of 1911 in Absence.

Very Respectfully,

Cecil Farlow Whitehead

June 12, 1911.

To the Faculty Members:—

I wish to petition that 70 hours in Economics and Social Science be granted toward my graduation, with the approval of my major professor. The mistake was made in the counting up of the hours and not through any premeditated purpose of mine. If the faculty would see fit to grant this request it would be a great help to me both financially and view of the fact that I have contracted to take a position as soon as this term of school is completed. I beg to wait your decision.

Approved

To The Faculty-

*Present to Faculty -
without recommendation*

Petition for Substitution.

I desire permission to substitute Philosophy for seven and a half hours Chemistry needed to complete my science requirement, to sign in one hour of Journalism (work which I am now doing without credit), and to remove the circles from three of the seven hours work which I have taken as extra work, and failed to make as extra work. This will allow me to graduate in June.

Reasons.

I had been given to understand that I was conditioned (entrance) in language. In the middle of my senior year I was told that I was conditioned in German, would have to cut my French, ^{just} as I was hoping to get a grasp on it, and take German.

I was told last year that half of my Journalism credit counted on my English major. This year ^(early in winter term) it seemed by the catalogue that Journalism is collateral to the English course. I had planned to round out my course with Economics. Instead I was forced to withdraw from ~~the~~ my Economics courses and take English.

I did not know that there was any authority to whom I could appeal for release from my Chemistry requirement, and until I was forced to "remake" my course I intended to try to do the Chemistry. Since I have been placed under such circumstances, entering courses late and under-taking to enter second term German after some four years in which I had forgotten my high school German- I think that my work has been made heavy enough to entitle me to freedom from the science requirement. If I am not ~~fre~~ relieved from it I shall have to spend approximately eight hours a day in the Chemistry laboratory ^{during} ~~for~~ six summer weeks.

And I have ^{been} practically a laboratory assistant in the Journalism department during two years

Earle Reeves.

Bloomington, Ind., January 20, 1910

Dear Mrs. Bergstrom:

At a recent meeting of our Faculty I was instructed as Secretary to convey to you the very sincere sympathy which we all feel for Mr. Bergstrom and for you, in his distressing affliction. ~~To~~ To all of us the news of his illness came as a profound shock. There is no one who was a member of the Faculty during the years of his service here who did not think of him as a valued personal friend; and his departure from Indiana is so recent that time and distance have not dulled the impression. It is almost as a family affliction that we ~~think of him~~ ^{have this feeling} lying broken and helpless, with ~~all~~ his fine faculties dulled and disordered. We had hoped that the first news of his illness was exaggerated, and that some means of relief might be forthcoming. Even now we can scarcely believe that the case is hopeless, though the later news which ~~has~~ come to us only confirms the impression that his condition is very serious.

If, as we are told is the case, he understands what is said to him, please express to him our very sincere regard and friendship, and our ~~very~~ profound sympathy with ~~him~~ in his grievous ~~trial~~ and suffering. And for you,

Respectfully,
J. Bergstrom,

dear Mrs. Bergstr om, pray believe that our hearts go
out in pity and concern, in this time of trial, and that
we would ^{fain} comfort you in all ways that ~~we may.~~ ^{the case permits.}

Most sincerely yours,

Samuel B. Harding

Secretary of the Faculty.

Bloomington, Indiana.

April 21, 1911.

To the Faculty of Indiana University:-

I hereby respectfully petition that I may be permitted to graduate from the Indiana University School of Law next June in absence for the following reasons.

1. I expect to enter immediately upon the practise of Law in El Paso, Texas and as the trip is a long and expensive one it will be a great hardship for me to come here again so soon.

2. My residence requirements were complete at the end of last term and all my interests require my presence in the West at once.

3. The special conditions in my case I think sufficient answer to any of the usual objections and your granting my petition will not in any way interfere with the precedent to the contrary.

Respectfully submitted,

Roger B. Byers Redis.

Blackburn, Thomas
April 21, 1911

To the Faculty of Johns Hopkins University:-

I hereby respectfully petition that
my name be placed on the list of the
School of Law next term in accordance with the following
conditions:
1. I request to enter immediately upon the study
of Law in Baltimore, Texas and as the City is a town and
expensive one it will be a great hardship for me to have
have again to come.

2. My residence requirements have been met at the
end of last term and all my interests pending at present.

3. The special petition in the case of my student
answer to any of the usual objections and your attention
petition will not be any further delay in the
to the contrary.

Very respectfully,
Thomas Blackburn

Rudie

June 3, 1901.

Voted that hereafter the Senior Class be given the week preceding Commencement week as a vacation and that all work of the Seniors must be completed by 6 p.m. of the Friday preceding the vacation.

May 19, 1902.

who are candidates for a degree

the current year

Voted that all graduate students [^] be excused the last week
of the term under the same regulations as the Seniors.

April 1, 1903.

In order that a student may participate in intercollegiate sports, musical organizations, debating or oratory he must

1. Enter at the beginning of the term, unless specially excused by the President.
2. He must, at the time of such participation, be carrying successfully not less than ten hours work.
3. If in college the preceding term, he must have passed in ten hours work, or at the time of such participation, have removed sufficient conditions to give him ten hours credit upon the preceding term's work.

October 29, 1906.

Any motion involving a change of university policy or faculty regulation shall be set aside for consideration at the next faculty meeting, and that every call for a faculty meeting shall include notice of any and all motions which have thus been set aside at the previous meeting.

December 15, 1908.

That twenty members of the faculty shall constitute a quorum.

That it shall require a majority vote of all persons constituting the faculty to pass a motion involving a change of university policy or faculty regulation.

That objections from five members of the faculty shall prevent suspension of the rules.

That the secretary of the faculty be instructed to draw up an official list of members of the faculty and keep the same up to date.

That the votes of non-resident teachers and of teachers temporarily appointed in the summer school may be counted for the transaction of routine business, but shall not be counted for motions involving fundamental changes.

That for all questions of Parliamentary procedure Robert's Rules of Order shall be recognized as the authority.

February 17, 1909.

Statement of principles that guided the Committee's action
in the past.

1. No student is granted more than fifteen hours release.
2. Freshmen are not granted release.
3. Sophomores are granted release only for especially good reasons.
4. Students are not allowed to substitute Major Subject for Prescribed work.
5. Students in the Arts-Law and Arts-Medicine courses are granted release only on the recommendation of Dean Hogate and Doctor Myers respectively.
6. Students thirty years of age and older, may be released from all language requirements in accordance with a vote of the Faculty, February 26, 1906.
7. Students entering with advanced standing from other institutions are granted such release as may suit individual needs.

March 10, 1909.

An application for extra work is not granted unless the previous record of the student seems to indicate his ability to carry such extra work successfully. The larger the number of hours of extra work requested the higher must be the standard of the previous work in order to secure permission to carry the extra work. No permission is granted in case a student has received a "condition" of "failure".

Exceptions to Rule 2.

- (a) All women are granted permission to take Physical Training even tho the work of the previous term has not been up to the standard.
- (b) Permission is likewise granted in some cases to applicants asking for Hygiene.
- (c) Students entering with advanced standing are sometimes permitted to carry extra work altho there is no record of work done here.
- (d) Students who enter with conditions are permitted to carry a some extra work to remove conditions. However, if the term's work is unsatisfactory permission is refused for the subsequent term.
- (e) In the case of Seniors having only a few hours extra to make, a chance to do this work is granted altho the previous record is not wholly satisfactory.
- (f) In special courses where more than fifteen hours are prescribed in some terms, the Committee does not regard the excess as extra, but issues a card to inform instructors that student's registration card may be signed for more than fifteen hours.

March 10, 1909.

REPORT OF COMMITTEE ON ABSENCES:

1. The absences considered are those at the beginning and end of a term.
2. The rules governing the committee in considering end of term absence are few and simple are the faculty rule concerning absence at the end of the term is very effective in accomplishing desired results.

(a) In cases of sickness the absence is excused upon presentation of Physician's certificate, or if certified to by the professor.

(b) In cases where business is assigned as reason for absence, excuse is granted when approved by the professor or if satisfactorily explained to the committee beforehand.

(c) Other cases are generally refused.

3. The rules applying to beginning term absences are as follows:

(a) In cases of sickness the absence is excused if the reasons for absence are accompanied by a Physician's certificate.

(b) If business is assigned as reason for absence it is refused except in extraordinary instances. The mere statement "business" is often assigned and invariably refused.

(c) Absence due to missing of train connections is generally excused when the facts are well certified.

(d) Cases in which the student fails to register in classes after taking blue card out in proper time the committee treats as an unexcused absence.

These absences are afterward excused if the student can get his professor to certify to his attendance at the first recitation.

(e) The cases when "undecided" is assigned as reason for absence have to be decided on their merits.

4. Penalties for unexcused absence at the beginning of the term are as follows:

- (a) For one or two days absence one half hour credit is deducted.
- (b) For five or six days absence one hour's credit is deducted.
- (c) For a four or five weeks absence it is generally left to the professor to determine how much credit should be allowed.
- (d) Students taking out blue cards on proper date who fail to get the professors' signature on same date are fined on half hour's credit.

 EARL HUDELSON
 JACOB F. IRMITER

BLOOMINGTON, IND..

April 15, 1911.

TO THE FACULTY OF INDIANA UNIVERSITY:-

During the winter term, 1911, I carried three hours of extra work in law, making fifteen hours in all; my grades for the term were as follows:-

(2 hrs.) Code Pleading (Law 27)----- B.
 (4 hrs.) Suretyship (Law 24)----- A.
 (1 hr.) Patent Law (Law 35)----- B.
 (4 hrs.) P. Corporations(Law 26)----- B.
 (4 hrs.) C L Pleading (Law 5)----- C.

Owing to the fact that I made a grade of C in Common Law Pleading, the Committee on Extra Studies refused to allow me credit for the three hours extra work. I am now carrying 12 hours of law (the regular course), which, with my other credits, will give me 105 hours credit in law at the end of this term. Since 108 hours of credit are required for graduation from the Law School, it is quite apparent that I am in need of these three hours which were refused by the Committee, and I take this occasion to respectfully petition the Faculty of Indiana University to grant the same.

The grade of C was given in a continued course which I am now completing, and the true grade in said course depends almost wholly on the final examination to be given at the end of this (Spring) term; so, it will be seen that the grade of C which I received in said course amounts to practically nothing as regards my standing, which statement Prof. Hepburn will no doubt confirm.

It will be impossible for me to remain in school any portion of the summer term, in view of the fact that immediately upon the close of this term my folks will move to Florida, where I have arranged to locate.

Respectfully submitted,

Ernest R. Wilkins

RECOMMENDATIONS CONCERNING REGISTRATION AND WITHDRAWAL

Permission to withdraw from a class or to change registration after the filing of the registration (blue) card may be obtained from the Dean only, on recommendation of the instructors whose classes the student wishes to leave and enter. The Dean shall give to the instructors concerned due notice of any change.

Unauthorized withdrawals shall be marked "failed". Students allowed to withdraw after the mid-term on account of deficiency in work shall be marked "WF", withdrawal for failure.

Authorized withdrawals for any other cause shall be marked "W".

Instructors shall report to the Dean the names of all students who may be absent three times in succession.

RECOMMENDATIONS CONCERNING REGISTRATION AND WITHDRAWAL

Students who are recommended for withdrawal from a class or to change registration (blue) card may be recommended for withdrawal from the Dean only, on recommendation of the instructor whose class the student wishes to leave and enter. The Dean shall give the instructors concerned due notice of any change.

Unauthorized withdrawals shall be marked "Failed". Students are allowed to withdraw after the mid-term on account of deficiency in work shall be marked "WT", withdrawal for failure.

Authorized withdrawals for any other cause shall be marked "W".

Instructors shall report to the Dean the names of all students who may be absent three times in succession.

In a first place of course, the
a first recommendation, it is
the student's own choice to
held until he shall have
the student again in class and
passed the satisfactory recom-
mended by the instructor.

INDIANA UNIVERSITY
CARL H. EIGENMANN, DEAN
BLOOMINGTON, IND.

June 10, 1910.

My dear Professor Howe:

I en-
close the application of Mr.
W. L. Woodburn. It

The motion that prevailed in
regard to the application was:
"granted, but not admitted to
examination for the Doctorate
in 1911."

I would suggest that this
application be taken to the
faculty meeting. In case
of question the style and general
tone of the application will
more than justify the action of
the committee.

Respectfully, yours
C H Eigenmann RSE

Bloomington Ind. June 1, 1910.

To the Council of the Graduate School of
Indiana University,

It is my desire to
spend the third year of work on my
Doctorate at Northwestern University. Part of
my time will be given to teaching and
the remainder devoted to research work.
There will be about as much time for
the latter as is allowed by a Teaching
Fellowship here. I expect to pursue
studies in Eytology of the Liverworts
along the line of my major subject
and thesis, and in Physiography, as
a minor, probably course A2 of Geology,
Northwestern University catalogue.

Very respectfully

William L. Woodburn.

BLOOMINGTON, IND.

June 9, 1910.

Prof. Will Howe.

Dear Sir:—

At the meeting of the
Graduate Council it was voted
to recommend favorably to the faculty
the enclosed petition of Mr. Botts

You were chosen secretary
to present this to the faculty.

Respectfully, yours,
C H Eigenmann

RFE

Bloomington, Ind.
June 9, 1910.

I'm a candidate for an A. M. Degree in History. My first minor is Political Science. During the winter term of 1907, Dr. Woodburn advised me to take some Law as part of my first minor. I signed up for five hours of Domestic Relations and then presented my card to Dr. Woodburn who said that the work I had signed up for was O.K. Yesterday Dr. Harding said that the rule was that work done in Law or Medicine could not be counted on a Master's Degree. I have 45 hours credit counting the five hours of Law. I present this case, asking for the five hours as I was advised by my professor in charge.

Edgar C. Both.

Recommended favorably -
