

Indiana University
Informal Meeting
 Roll called

Nov. 18, 1924

Mr. Fillion reported that the equipment for the barber shop had been ordered. Everything is to be taken care of now in order that the work of moving the barber shop may be done during the Thanksgiving vacation. There will be no need of borrowing money now as we will have sufficient funds for a few months. At a later date it might be necessary to secure money with issuing a note on the barber shop.

Mr. Hunselman attended the last meeting of the Jordan River River Board. There were three plays submitted but none were selected at this time. There was nothing said about financing the show at this time. The selection of a play is to be made on Dec. 2.

The Union Board is not in favor of spending too much money on a show of this kind. Unless something definite is done very soon the Union is in favor of proposing a Union River River.

There is to be an open Union meeting in December. Mr. Moore was appointed chairman with Mr. Gibson and Mr. Liba to assist him.

Meeting adjourned,
 Joseph C. Bradley
 Secy.
