Patton gave members a general idea of the work done so far by the Student Union Committee. They plan:

1. A joint board of 19 members, 15 of them students.
2. One organized and one independent junior and sophomore, male and female, to be elected.
3. Three holdover members--both sexes to be represented.
4. Four selected so that there are never more than 60% of either sex on the board.
5. One male and one female director and two faculty directors.
6. Requirements include a 1.4 scholastic average and 25 service hours, not more than 15 in any one activity.
7. The president and vice-president to come from the holdover members.

Wallace was made chairman of a committee to write an article on this board's new activities. Hawley, Patton, Toy and Traub are to serve on the committee.
