Proposal for Consolidation of the Indiana Memorial Union and the Association of Women Students

At present, the recreational program of Indiana University is conducted through the joint efforts of the Indiana Union and the Association of Women Students. It is believed that if the two above named organizations were consolidated, it would facilitate the carrying on of the recreational program for Indiana University for the betterment of the Student Body as a whole.

The following plan of consolidation is proposed.

1. Every man and woman student in actual residence at Indiana University shall become an active member of the consolidated organization to be known as the Indiana Student Memorial Union.
2. The Indiana Student Memorial Union shall be governed by a Board of Directors. The first Board of Directors of the new Indiana Student Union shall be composed of the Board of Directors of the Indiana Union, and the members of the Council of the Association of Women Students, as of the time of consolidation. It shall be the duty of this Board to work out a Constitution and by-laws of the Indiana Student Memorial Union.
3. The non-recreational functions, which are now conducted by the Association of Women Students shall be carried on by the A.W.S. Council, or a similar organization created for that purpose. This organization shall be adequately financed by the Board of Trustees.

The proposal was excepted by the Union Board and the AWS council will be given the same proposal Wednesday night at their regular meeting.
