

the budget for the Hobby Show (\$45.00) be used instead to provide expenses for the Soccer Club. The motion carried unanimously. It was decided that if the Union station wagons could be used for transportation, the Union would sponsor the Soccer Club under Team Activities.

Board meetings will continue to be held at 7:00 p.m. on Tuesday evenings.

There is nothing definite on early enrollment for Board members.

The President asked that Board members prepare their reports in advance of the meetings so as to save time and needless discussion.

The President also requested each committee to turn in in triplicate a report of the preceding month's activities along with an outline of the proposed activities for the next month. One copy will go to the President, one will be filed in the office, the the Board member will keep the third copy. This will aid him in making out his yearly report.

The meeting adjourned at 8:55 p.m.

Approved:

Keith H. Cochran
President of the Board

James E. Paulski
Secretary of the Board.

September 25, 1951

The eighth meeting of the 1951-52 Union Board was called to order by the President at 7:00 p.m., and the minutes of the last meeting were read and approved. Mr. Smith and Mr. Bucher were absent.

Mr. Monfort read a request from Dorothy Cox and Bert Ziegler, ex-Arthur Murray instructors, who want to teach popular dancing as a Union-sponsored event. The Union would donate the space for such instructions, and the instructors would charge fifty cents (50¢) per one hour of instruction to cover their fees. The course would cover ten weeks. The Board withheld a decision pending further investigation by Jerry Wilson and Ed Frank, who will also report on the advisability of such a class being sponsored free by the Union.

The following committees reported:

Social - Two hundred and sixty-one couples attended the "First Fling", and the dance netted a profit of \$116.50. Union Board will meet with Mortar Board Wed., Sept. 26, at 4:30 in the Colonial Tea Room for a coffee hour. Union and AWS will meet Thursday, Sept. 27 at 8:30 in the AWS room of the Student Bldg. The Union-AWS Open House and Fall Festival will be Friday, Sept. 28, from 8:00 to 12:00 p.m. in the Union Bldg.

Personnel - The Folio, publication of the Dept. of English, wants service workers to be used to sell copies of the magazine. Glen Stewart moved that the Union Board would continue with its present policy of supplying service workers only for the distribution of posters and refrain from doing any selling. Motion carried unanimously. Mike Hreha will write a letter of reply explaining the Board's action.

Jerry Baur inquired about the seating policy in the Stadium. The President directed the Secretary to have the Daily Student publish an article explaining the class seating arrangement.

The meeting was turned over to discussion of the Fall Carnival. John Sparks reported that the rules for Bachelor of the Year have been explained to all women's housing units. Only a few names had been entered in the contest and it was felt that more publicity was needed. Board members were to call women's units to find out if they had filed their candidates. Jerry Wilson is procuring the men for clean up Sunday, Oct. 7. Ed Frank reported that tickets will be sold at the desk in the Men's Lounge from Thurs., Sept. 27, through Fri., Oct. 5. Board members were asked to sign up as relief sellers during the noon lunch hour. Mike Hreha has put the trophies on display in the bookstore window. Bob Bohn had a meeting of all housing chairmen Monday, Sept. 24 and all houses and units are set. Jerry Baur reported that a banner had been carried at the Bloomington football game and it was also on display in the fieldhouse at enrollment. Articles have appeared in the Crimson Bull, the Daily Student, and the town papers.

A banner will be stretched across Walnut St. opposite the Harris Grand Theater. The balloon will be up on the Union Bldg. this week end. Fred Pain is handling radio and TV ads. Jim Pauloski has the front of the programs ready for printing, and the back, containing the layout of the floor, will be ready Friday after booth assignments are made. Dick Hensel will lay out the booth dimensions Friday, Oct. 5 in the fieldhouse. Glen Stewart suggested having a grab bag of articles which are unclaimed in the Division of Safety's Lost and Found Dept. The Union sponsored booth will feature weight guessing by town and University dignitaries.

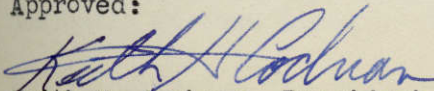

Mr. Monfort said that tickets are on sale at the business office. He also submitted a request from ATO asking that they be allowed to charge extra at their booth because they would take pictures which would necessitate more expense. Since this is in conflict with the rules limiting cost of booth and admission prices, the request was refused.

The President asked all the Board members to give their class schedules and room numbers to the Secretary by 4:30 Wed., Sept. 26.

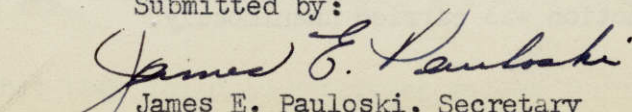

Glen Stewart reported that the playing cards in the Commons are in bad condition. Mr. Monfort said that these would be replaced with the cards used in the Bridge tournaments. Glen Stewart also asked for a statement of policy concerning reservation of the Bryan Room. He also asked that a mirror be placed on the steps leading to the Commons at the bend so that people coming up and going down could see each other and avoid collisions.

The meeting adjourned at 8:40 p.m.
