December 10, 1957

Union Board Meeting #17

The meeting was called to oreder by the president, Bob Shula. The minutes were read and approved.

BOB - There was a substantial loss on the Opening of Formal; therefore, each division should look at their budgets to see if there is any place where a cut can be made.

The Regional Conference was a success; each delegate to the convention should turn in a written evaluation in triplicate form to Bob by next week.

A discussion was held concerning general comments on the conference.

SANA - After Don Johnson, chairman of the Ride Bureau talked to the Monon Railroad people again, he found that the Union can not sell Monon tickets as the Board had talked about doing last week.

BOB - Division Chairman should attend all steering committee meetings to allievate possible mix-ups.

A secretary should be chosen for the steering committees for big projects; mimeographed copies of these minutes should be given to Jim, Bob, the division head, and the steering committee members; this should also allievate numerous problems.

MARY - She read to the Board, policies for the Bowling team, on which the Board approved. Mary then asked for a \$75.00 increase in her budget in order to aid the Bowling team. The Board decided to table this motion for one week pending investigation for appropriations from the budget.

BOB - Bob asked for methods of giving more people the opportunity to get additional credit hours in order to have a larger group of qualified people for future Board members. Discussion was held. Jim suggested giving those persons in different clubs, such as the soccer team and sailing club, a certain number of hours for belonging to the organization. Nancy suggested giving hours just to the members who showed leadership in the club. Bob asked the Board to formulate some of their ideas to submit at next week's meeting.

MARTY - Marty submitted a preliminary plan from the Sailing Club, for a dance entitled "Sailor's Ball," which would take the place of the Mardi Gras. The plan was detailed and explicit. The Board decided to table the idea until next week.

A critical discussion was held on the Opening of Formal. Some of these ideas, Marty can incorporate in his evaluation.

MIKE - Mike asked the Board to send all ideas for the questionnaire

to the General Chairmen as soon as possible.

The Big Ten Conference was a success even though no Big Ten schools attended. Mike is in favor of continuing the conference next year.

JANE - She asked again for some concrete, important jobs in which Junior Union Board can participate.

YVQMNE - has suggested Nancy Mentendick to take her place while she is student teaching.

BARRY - Please turn in hours and committee reports as soon as possible.

There being no further business the meeting was adjourned.

Respectfully submitted,
