Critique and Review of All Carnival - The discussion was lead by Norm Traeger. Problems of this year's Carnival were presented and recommendations were given for next year. The recommendations included making the Carnival non-competitive by eliminating awards, limiting skits or acts to three, four, or five minutes, and having all of the booths in the form of games of chance which will increase participation at the Carnival. Campus Chest Evaluation Questionnaires are being sent out to all housing units presidents, booth chairmen, and faculty members. All housing units will be sent a letter asking if they are planning on entering Fall Carnival next year. This information will be gathered and compiled by the Fall Carnival Steering Committee. It was suggested that the results be presented at the Union Board Retreat. At this time decisions can be made as to whether or not to hold Carnival next year, and, if it is to be held, what changes should be made.
