## Synopsis

### *Suor Angelica*

**Setting:** The cloister of a convent near Siena.

Because of the scandal she has caused by having an illegitimate child, Sister Angelica has done penance in a convent for seven years. The Princess, Sister Angelica's aunt, arrives unexpectedly and demands that Sister Angelica sign a document renouncing her right to any inheritance and turning it over to her sister, who is about to be married. The Princess refuses to forgive Sister Angelica, who inquires about the fate of her son. The Princess coldly tells her that the child has been dead for two years. Devastated by the news and the coldness of her aunt, Sister Angelica takes poison. She then realizes, too late, that she has committed a mortal sin and asks the Virgin Mary to forgive her and give her a sign her prayer has been answered. In a vision, the Virgin appears, leading a small child, who she sends towards Sister Angelica, while a heavenly choir sings of her salvation.

### *Gianni Schicchi*

**Setting:** The bedchamber of Buoso Donato's home in Florence.

Buoso Donato has died and left his considerable estate to charity. His ravenously greedy relatives, in desperation, decide to accept the advice of Rinuccio and ask the help of Gianni Schicchi, a well-known local rogue and the father of Lauretta, Rinuccio's love. Schicchi loses no time. The body of the dead Donato is removed, and Schicchi takes his place in bed. Even the doctor is fooled as he pronounces Buoso Donato much improved. The relatives are delighted and call in a notary to make a new will. But delight soon turns to rage, as Schicchi wills the bulk of the estate to himself! He chases them all out of what is now his home—all, except, of course, his future son-in-law, Rinuccio, and his daughter Lauretta, who both remain in their future home.

## Program Notes

by Matthew Van Vleet  
*Ph.D. Musicology Candidate*

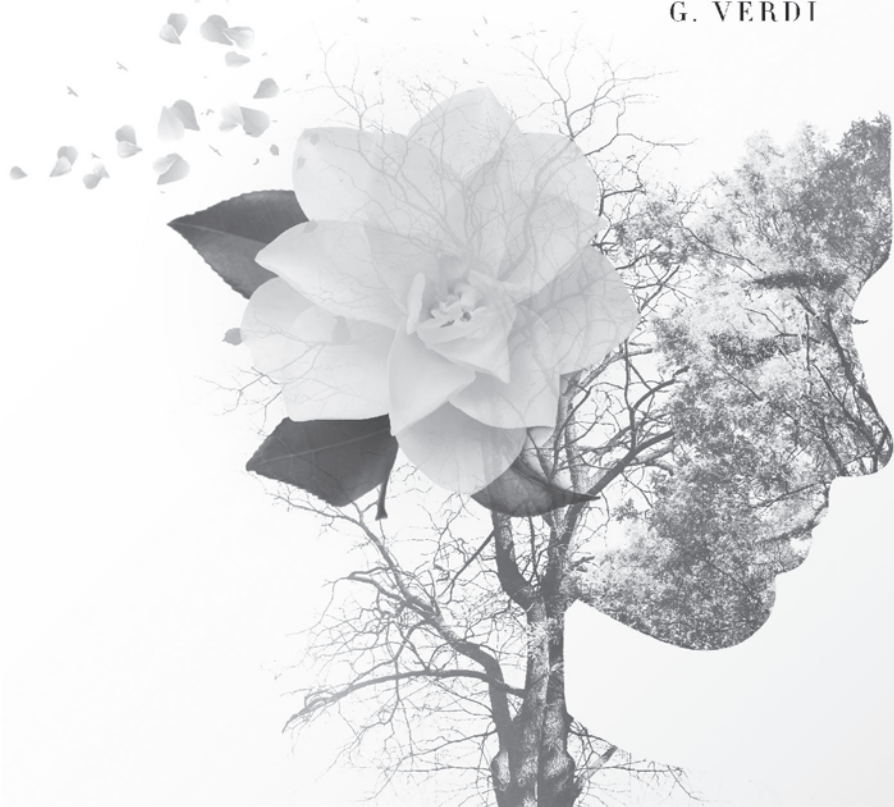

Giacomo Puccini's one-act operas *Suor Angelica* and *Gianni Schicchi* lead double lives. As individual works, they each have a place in the repertoire as short, accessible operas that can be staged with limited sets and casts. But together, *Suor Angelica* and *Gianni Schicchi* are the second and third operas in *Il Trittico*, Puccini's "triptych" of one-acts that premiered in December 1918. With *Il Trittico*, Puccini sought to create a diverse evening of entertainment with three works in differing dramatic styles. This joint context gives rise to interpretations beyond what the operas mean individually. Although *Suor Angelica* and *Gianni Schicchi* are thematically distinct, both showcase Puccini's musical style, placing the emotions of characters above formal conventions. Together, they create an effective study in dramatic contrast.

Puccini had suggested the idea of composing a trio of operas to his publisher as early as 1904 but could not find the right subjects until later. The first opera of *Il Trittico* that Puccini composed was *Il Tabarro*, an adaptation by Giuseppe Adami of Didier Gold's 1912 play *La Houppelande* (*The Cloak*). *Il Tabarro* tells a story of infidelity and murder

in modern-day Paris. Puccini completed the score in 1916 before he had any plans for what its companions would be. In January 1917, librettist Giovacchino Forzano showed Puccini a sketch for an original play that was set in a convent. Puccini was impressed and *Suor Angelica* was born from this sketch. Two months later, Forzano pitched *Gianni Schicchi*, based on a brief passage in Dante's *Divine Comedy*, and Puccini finally had his subjects for *Il Trittico* in hand. After quickly composing *Suor Angelica* and *Gianni Schicchi* in 1917 and early 1918, Puccini settled on New York's Metropolitan Opera for the premiere—in part because of Italy's involvement in World War I. While the early performances of *Il Trittico* were well received, opera houses soon started producing the operas separately to suit local tastes and to fill shorter playbills.

Of the three operas, *Gianni Schicchi* was the first to find success as a standalone, and *Suor Angelica* is arguably its most natural companion in terms of dramatic effect. The gritty realism of *Il Tabarro* is compelling with its bleak outlook and violent conclusion, but *Suor Angelica* and *Gianni Schicchi* offer the traditional pairing of tragedy and comedy. *Suor Angelica* tells the tragic story of the titular nun as she learns of the death of her son, who was taken from her at birth. In the mold of Puccini's 1904 *Madama Butterfly*, *Suor Angelica* is an emotional character study of a betrayed heroine who ultimately commits suicide. Unlike *Butterfly*, *Suor Angelica* concludes with the miraculous appearance of the Virgin Mary and Angelica's son leading Angelica into Heaven. Some less-forgiving early critics found this conclusion overly sappy. In some recent productions, this religiosity is undercut by staging the finale as a hallucination rather than genuine miracle. In its original form, however, it is a thoroughly sentimental work, which falls into sharp contrast to the acerbic comedy of *Gianni Schicchi*.

Like *Suor Angelica*, *Gianni Schicchi* deals with a familial death, although in a more comedic manner. Buoso Donati, a Florentine nobleman during the Renaissance, has died, and to the shock of his gathered relatives, has left his estate to the local monastery. Only one of his relatives, Rinuccio, is not interested in the money. Instead, he wants to use this situation to force his family to allow him to marry his beloved Lauretta, daughter of the roguish newcomer Gianni Schicchi. When Schicchi arrives to the scene, the family reluctantly accepts his help in "correcting" Buoso's will. He impersonates the deceased and dictates a new will before "dying" once more. In the end, the family must hold their tongues as Schicchi leaves the best of Buoso's estate to himself as a dowry for Rinuccio and Lauretta. In the mock operatic moral, Schicchi confesses that though he may have condemned his eternal soul (per Dante) with his deceit, it couldn't be for a better cause than young love. The religious sentiment of *Suor Angelica* has all but evaporated at the end of the evening.

Musically, *Suor Angelica* and *Gianni Schicchi* both have strong moments of ensemble writing and few solo numbers. The standout aria in *Suor Angelica* is "Senza mamma," which follows the dynamic confrontation between Angelica and her devastatingly cold aunt, the Princess. The aria is an emotional apex for Angelica as she grieves over the loss of her child, but it does not follow the typical pattern for show-stopping Puccini aria. Rather than building to a moment of cathartic release, Puccini instead diverts the second half of the aria into quiet restraint.

Lauretta's aria in *Gianni Schicchi*, "O mio babbino caro," is one of Puccini's most well-known arias and the only set-piece in the opera. It is a sweetly simple tune conveying Lauretta's innocent love for Rinuccio. On the surface, this aria is plainly sentimental.

However, throughout *Gianni Schicchi*, this kind of melodramatic emotion is depicted as insincere. The grieving over Buoso in the opening is just an act, and the real grieving only comes when the relatives find out they're not getting any of his money. In this context, Lauretta's aria is partly a relief from the other characters' cynicism, but her threat to throw herself into the river is similarly hyperbolic. Gianni Schicchi just can't say no to his daughter's pleas, and thus the emotional aria as an operatic convention is framed in this scene as inherently manipulative.

Of course, *Gianni Schicchi*'s parody of the emotional trappings of opera and *Suor Angelica*'s sincerity can each work on their own. There is no overlap in plot, nor are there any overt thematic connections between them. But there is still something to be gained by looking at them as a pair. Between the sentimentality of *Suor Angelica* and the satire of *Gianni Schicchi*, Puccini can have it both ways when it comes to exaggerated emotions. This tonal contrast is what ultimately links these two disparate operas into a unified double feature.
